

Sleek Tile

Sleek Tile

Simplicity with a contemporary edge, the Sleek Tile timber feature wall panel identifies with both modern and classic looks.

Bringing together the warmth of Western Red Cedar with a timeless smooth faced surface, Sleek Tile is designed to suit any space and leave a lasting impression. Inspired by the appearance of traditional tiles, Sleek Tile has a rebate surround which gives the unique shadow lines, creating interest and impact whether installed in the Stackbond or Brickbond format. The sleek effect of these panels is achieved with either horizontal or vertical installations.

Finipanel is ideal for:

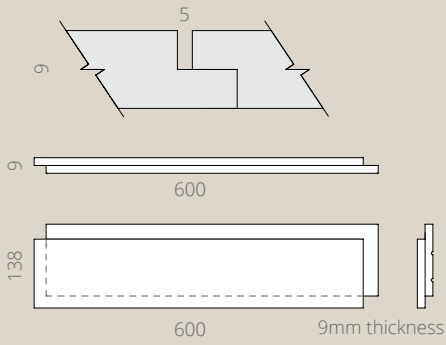

- Commercial foyer's
- Retail Spaces
- Cafés and Restaurants
- Designer houses & apartments
- Hotels and Resorts
- Office fit outs
- Auditorium acoustic linings
- Feature Walls
- Stair Wells
- Alfresco Areas

Key product features:

- Quick and easy Installation
- Adds warmth and style
- High-end architectural aesthetics
- Raw timber finish creates organic feel
- Can be stained or coated to any finish
- GreenTag certified
